## Corrosion Protectors (ctd)

ATV City Part No.	Description	Quantity
210.0285	Alu HiTemp	400ml

High temperature corrosion protection. Forms a hard film after heating, based on silicone resins and aluminium pigments. This film will not burn or peel off at higher temperatures. CRC Alu HiTemp resists temperature fluctuations very well. Applications; Exhaust systems, heat exchangers.

ATV City Part No.	Description	Quantity
210.0300	Galva Brite	400ml

Protective zinc-aluminium coating. Combines corrosion protection properties with the lustre look of aluminium. Recommended as a final coating for the repair of hot-galvanized steel constructions. Resists corrosion, peeling and fading. For galvanized surfaces, we recommend to use CRC Zinc as a primer before applying CRC GalvaBrite.

## Paints

ATV City Part No.	Description	Quantity
210.0320	Pro Paint Black Matt	500ml
210.0340	Pro Paint Silver	500ml

Quick drying, universal acrylic paint. Available in different colours, provides a good protection to steel rims. Can also be used on other metals, wood, concrete, glass and many plastics on the car. Also suitable around the house and for many hobby purposes.

## Speciality

ATV City Part No.	Description	Quantity
210.0345	Disc Brake Quiet	100ml

Paste that cures as a tough rubber. Prevents and stops disc brake noise and vibration.

# WORKSHOP TOOLS AND CONSUMABLES

## Speciality (continued)

ATV City Part No.	Description	Quantity
210.0350	Exhaust Repair Bandage	1

For reparation of large holes and cracks in exhaust systems. Quick and easy to use without welding and/or disassembly. The bandage starts hardening while driving. To reinforce the bandage or to repair small holes use CRC Exhaust Repair gum.

ATV City Part No.	Description	Quantity
210.0360	Exhaust Mounting Paste	150g

Mounting and sealing paste for all exhaust components. Facilitates assembly and dis-assembly and seals at the same time. Apply the paste before mounting; the hardening will take place automatically by the exhaust heat.

ATV City Part No.	Description	Quantity
210.0365	Exhaust Repair Gum	200g

For the repair of small holes and cracks in exhaust or catalyst systems. Quick and easy to use without welding and /or disassembly. The putty hardens completely after a few minutes drive. For the repair of large holes, use CRC Exhaust Repair Bandage.

ATV City Part No.	Description	Quantity
210.0370	Gasket Remover	300ml

Very effective solvent blend for the removal of heavy deposits. Removes baked-on adhesives, putties and gaskets. Dissolves resins, grease, oil and tar. Strips paint and lacquers. Only to be used on metal surfaces.
